ACCESSORIES + APPAREL

THE JOURNEY TO EXTREME PERFORMANCE

DESIGNED

ONLY POLARIS ENGINEERED ACCESSORIES™ are conceived, designed and fabricated in lockstep with the Polaris RZR® RS1® development process. As the vehicle progresses from concept to production, so do the accessories. This ensures a perfect fit and optimal performance.

TESTED

THE POLARIS® TESTING PROCESS is rigorous and unforgiving. We put every vehicle and accessory through extreme-use conditions both in the lab and in the field—in all environments, and in locations spanning the continent. If it doesn't pass our standards, it's not ready for your Polaris® vehicle. Only the best accessories make it to production.

TRUSTED

DEVELOPING THE BEST, MOST PREMIUM accessories in the industry is our passion. Only Polaris® can combine decades of industry-leading experience, innovation and off-road expertise. Have confidence in your Polaris Engineered Accessories™, because we know the lifestyle and live it every day.

POLARIS® PARTNERS WITH THE BEST

We choose our partners carefully, selecting only the best in off-road. Every accessory is rigorously tested and validated to Polaris® standards to ensure seamless integration and performance.

LOCK & RIDE

Polaris® windshields feature Lock & Ride® technology, thanks to the NEW Lock & Ride® Cage Clamp. This innovative clamp allows for easy installation and easy removal of Polaris® poly windshields, eliminating fear of cracked trim when tightening.

REDUCE IN-CAB DUST SWIRL BY ADDING A REAR PANEL

With a windshield and roof installed, turbulent air develops behind the cab. Add a rear panel to reduce dust intrusion from this swirl.
